Professional Profile

Full Stack Developer with a background in Java, Python, and JavaScript, focused on integrating Generative AI and automation in production environments. Experienced in REST APIs (Spring Boot, FastAPI, JWT), management of structured and unstructured data (OracleDB, PostgreSQL, MongoDB), and development of interactive frontends using React and Next.js. Trained in Artificial Intelligence and Big Data, with a focus on combining Machine Learning, LLMs, and backend development to build intelligent and scalable solutions.

Professional Experience

AI Engineer Intern — Ineco | Madrid, Spain | Nov 2025 – Present

- Development of AI and Generative AI pilots, focused on process automation and corporate virtual assistants.
- Integration of LLM models and AI APIs into internal prototypes.
- Contribution to the design of intelligent agents to optimize document management and internal information access.
- ETL processes and data visualization for analysis and reporting.
- Collaboration with Data, IT, and Innovation teams under the Agile/Scrum methodology.
- Support in technical documentation and controlled deployment of prototypes in secure environments.

Software Developer Intern — CCOO | Madrid, Spain | Mar 2025 – Jun 2025 (4 months)

- Development of MVC platforms using Java 17, Spring Boot, Spring Security, JWT, and REST APIs.
- Optimization of OracleDB queries (indexes, pagination, SQL tuning) achieving +15–30% performance improvement.
- Implementation of responsive frontends with Thymeleaf, JavaScript (ES6+), Bootstrap 5, and SCSS.-
- Work in Agile/Scrum environments, using Git/GitLab and CI for controlled deployments.

Experiencia internacional

Catering Assistant — The Marlay Nursing Home | Dublin, Ireland | Jan 2023 – Sep 2023 (9 months)

- Worked effectively in an international team environment, strengthening English communication skills and managing time under pressure.

Tech Stack

Backend: Java, Spring Boot, Python, FastAPI, REST

Databases: OracleDB, PostgreSQL, MySQL, MongoDB

Frontend: React, Next.js, JavaScript (ES6+), HTML, CSS, Tailwind, Bootstrap

DevOps: Git, GitHub, GitLab, Docker, AWS, Linux

Artificial Intelligence: LLMs, Agents, Copilots, ETL, Machine Learning

Education

- **Master's in Artificial Intelligence and Big Data** – Linkia FP | 2025–2026
- **Higher Technician in Web Application Development (DAW)** – IES Francisco de Goya | 2023–2025
- **Degree in Telematics Engineering (incomplete)** – University of Alcalá (UAH) | 2021

Languages

Inglés: C1 — EF SET Certificate (Advanced)
